

STATISTICS CONFIRM

A drowning can take place in as little as two inches of water. Not only is standing water a hazard, it creates a mess. To eliminate this problem, GLI POOL PRODUCTS offers these draining solutions for your solid safety cover.

CHOOSE THE DRAIN - THAT'S RIGHT FOR YOU!

"SURE-FLO" FULL LENGTH DRAIN

The optional "Sure-Flo" drain is created using ProMesh fabric that runs the full length of the pool, down the center of the cover, increasing the surface drainage area while blocking sunlight, dirt and debris from getting into your pool. The "Sure-Flo" drain option is ideal for custom shape pools or larger rectangles.

"KLEEN-SCREEN" DRAIN

The patented "Kleen-Screen" drain filters dirt particles (as small as talcum powder) and still allows water to drain through, ensuring a safe pool in the off season and a CLEAN pool on opening day! Comes standard with Solid Safety Covers.

GLI can also provide you with an automatic cover pump in lieu of a drain system. Please ask for details, or specify which option you prefer on your order form.

Summer won't last forever.

SAFETY COVER SYSTEMS
for Inground Pools

Kids will be kids - let us provide you with the "peace of mind" that you can count on.

PROTECT THOSE THAT MATTER MOST... WITH A GLI SAFETY COVER.

WINTER COVER vs SAFETY COVER

Your standard Winter Cover is no more than a tarp held down with water tubes, providing little to no protection from accidental intrusion of stray animals or children.

A GLI Safety Cover is the safe solution for any home owner. Not only will your backyard look great, but installation is easy and the peace of mind that you will carry through-out the winter months is well worth the investment.

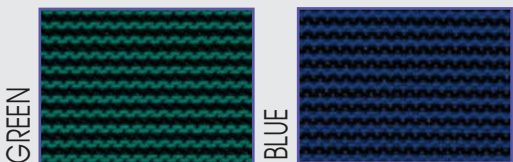

GLI Safety Covers meet or exceed Safety Cover performance standards as set forth in ASTM F 1346-91.

Secure-A-Pool® Mesh Safety Cover

...if you open early in the spring, don't have large amounts of leaves and debris in your yard, or you don't fully winterize your pool but need the security of a safety cover - this is the cover for you!

- Made from **durable, long lasting** polypropylene mesh fabric.
- **Mesh material eliminates standing water** hazard by allowing water and melting snow to drain through.
- **Screens out dirt and debris** for easy spring time opening.
- Strong **safety-minded** construction.
- **Secures pool** from children, pets and stray animals.
- **Tamperproof design** prevents entry without installation rod - installs and removes in minutes.
- **Improves the look** of your pool in the off season.
- **12 Year Limited Warranty.**

ProMesh® Safety Cover

...if you open your pool in mid-spring and are looking for the benefits of a solid safety cover without the weight associated with it - this is the cover for you!

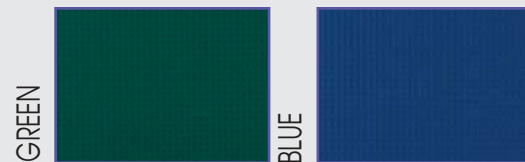

- Made from a **unique weave of polypropylene mesh** that blocks out algae producing UV Rays. Keeping sunlight out ensures that you will open to cleaner water in the spring.
- **Tight mesh construction** allows water to drain from surface - filtering out dirt, leaves, debris and SUN!
- **Nearly 50% lighter than solid covers** for easier installation, removal and storage.
- Super strong for greater tear resistance and winter wearability. Excellent for commercial or residential use.
- **Comes Standard** with Pull-Tite® Commercial Grade Springs - **A \$125 value!**
- **15 Year Limited Warranty.**

Secur&Clean® Solid Safety Cover

...if you open your pool in the late spring, have large amounts of leaves and debris in the yard or spend hours removing dirt, debris and algae to open your pool - this is the cover for you!

- **Keeps pool clean** while protecting it from accidental intrusion by children, pets or stray animals.
- **Made from tough, long lasting** vinyl laminated polyester fabric.
- **100% Sunlight Blockage** - NO spring time algae growth.
- Comes with **patented "Kleen-Screen" drain**. Drains water from surface - filtering out dirt, leaves and debris.
- Also available with **"Sure-Flo" full length drain** or pump in lieu of drain. See details of drain options on next page.
- **12 Year Limited Warranty.**

HyPerLite™ Solid Safety Cover

...if you open your pool in the late spring, have large amounts of leaves and debris in the yard and require the strongest and lightest safety cover available - this is the cover for you!

- **50% more puncture resistant** - improved resistance to damage and puncturing from falling tree branches, deer hooves & stray animals.
- **100% Sunlight Blockage** - NO spring time algae growth.
- **PVC coated polyester fabric** is 30% lighter than standard solid covers.
- Comes with **patented "Kleen-Screen" drain**. Drains water from surface filtering out dirt, leaves and debris.
- Also available with **"Sure-Flo" full length drain** or pump in lieu of drain. See details of drain options on next page.
- **Comes standard** with Pull-Tite® Commercial Grade Springs - **A \$125 value!**
- **15 Year Limited Warranty.**
