TARA A-B MEASURING APP

SWIMMING POOL A-B MEASUREMENT MADE EASY.

TARA

Measure any swimming pool quickly and accurately with the Tara A-B Measuring App. Simply enter your measurements for A and B as you go and see your points plot out in the app. Verify that your measurements are correct while you're at the job-site and prevent wasted time. Once you are done, you can check your cross dimensions and place your order directly from the app.

- **Enter your A-B measurements as you go**
- **Points are displayed as you measure**
- **Use with one tape measure or two**
- **Verify measurements on the job-site**
- **Send measurements directly from the app**
- **Attach photos of order form, pool and pool features**
- **Expedite the order process**
